No. 4418

(4)

From The first Assistant to the Resident in Mysore

To The Dewan of Mysore

D/ Bangalore 3rd December 1896

Sir,

With reference to letter No. 142/125-3 dated the 20th March last and the marginally noted reminder from the Secretary to the Govt. of Mysore, Rev. Department, regarding the question of the submersion of a strip of land in British territory, likely to be caused by the proposed restoration of the Bagadur tank in the Mysore State, I am directed to forward an extract of a letter No. 3128 of the 17th August last from the Collector of Anantapur, from which it will be seen that the extent of land liable to submersion, calculated at the maximum water level is 16.73 acres and not 7 acres as mentioned in

[redacted]/5838 November '96

in Colonel Bowen's letter of 20th March 1896, and that out of that extent 12.97 acres assessed at Rs 1-10-0 are patta lands and the remainder, assessed at Rs 0-7-6 is Government waste. —

2. I am to say that His Excellency the Governor in Council has no objection to these lands being submerged, provided the Durbar pays the Capitalized value of the assessment on the waste land at thirty years purchase, and agrees to pay similar compensation for the occupied lands, besides compensating the occupants in the event of such lands being relinquished owing to damage from submergence. I am to add that the Sovereign rights of British Government over the whole extent of land involved, will remain unaffected. ——

I have &c.

Extract from the No 3125 dated 21st Sept 1876, from the Collector of Customs to the Secretary to the Commissioners of Land Revenue Madras. —

With reference to Board's Circular Proceedings No 213 of 1876 dated 9th May 1876, and in continuation of this Office reference No C No 131 of 2nd = 2nd June 76. I have the honor to state that, according to the Agreement of the Revenue Inspectors in Company with the Collectors of Coimbatore and the Asst Engineer of the Bhavani Project, the land claims to enfranchisement by the Secretary to Government in the letter of the Resident at Coimbatore, is reported to consist of 6,73 acres and not 7 acres as mentioned in the Resident's letter. It is stated that, at the preparation of the taking accounts with the Resident's letter, only the depth and, extent of wet at the full tank level was taken into account: for the maximum water-level is reported to have been temporary extension which in consequence gives greater area of land to likely to be endangered, hence the difference. —

2. Out of 6.73 acres, 2.97 acres assessed at Rs 1-8-0 are patta lands and the remaining 3.76 acres assessed at annas 7-6 as. 6a is Government waste. The Pattadars have no objection to the Enhancement of the lands and claim no compensation, provided they are allowed to hold on and cultivate lands when they are not under water. There is, however, no guarantee that the ryots will continue to retain the lands in spite of this enhancement. To avoid this contingency, I would propose the collection of the Assessment on the lands from the Inyenidars, allowing the ryots to undertake payment of the assessments in their respective holdings to the Inamdars, so long as they continue to retain the lands in their occupation. Should they be relinquished, it may be left open to the Inamdars to dispose of the lands, as best it suits, subject to the payment of Assessment to this Govt. The Govt waste has not been under occupation for the last fifteen years and there appears to be no objection to the enhancement of these waste lands, provided the Assessment

No. 629. Deputy Commissioner's office
Tumkur District

Dated, Tumkur, 16th January 1897.

To The Secretary to the Government
of Mysore, General and Revenue
Departments.

Sir,

In reply to your Circular No. 6616 / X 1956 dated 19th ultimo, I have the honor to state that the Capitalized value of the agreement at 20 years' purchase on the lands in British Territory likely to be submerged by the reclamation of the Bugadur tank in the Pavagada taluk, is Rupees 62-13-4 as shown below.

For 3.76 Acres of Government waste land assessed at Rupees 3-7-6 ---- Rs: 4-1-0

For 12.97 Acres of Patta land assessed at Rs: 1-10-0 Rs: 48-12-0

Total for 16.73 Acres Rs: 62-13-0

2 As regards compensation payable to the occupants of the 12.97 acres of Patta land, the amounts will have to be settled hereafter by the Madras Authorities in the event of the land being relinquished by the occupants owing to damage from submergence.

READ—

Correspondence ending with letter No. 730, dated 27th February 1897, from the Deputy Commissioner, Tumkur district, regarding the submersion of lands in British Territory by the restoration of the Bugadur tank in the Pavagada taluk.

2. Correspondence ending with letter No. 5781, dated 27th November 1900, from the Chief Engineer of Mysore forwarding a file of correspondence on the subject and stating that if no compensation has been paid on the requisition made in his office letter No. 1029—6630, dated 14th December 1896, it is now necessary to order payment of the capitalized value of the entire extent of lands in British Territory, *viz.*, 9 acres and 66 cents required in connection with the restoration of the Bugadur tank.

No. 4659-62—R. 1557, DATED BANGALORE, 14TH DECEMBER 1900.

ORDER THEREON—From the papers received from the Chief Engineer, it is observed that 6 acres and 66 cents of land in the Naranagipalli village, Penukonda taluk, Anantapur district, having become liable to submersion by the restoration of the Bugadur tank in the Pavagada taluk, and another three acres in the same village being required for the weir and weir channel, it was decided by Government in the Public Works Department, in consultation with the Government of Madras, to acquire the whole extent, *viz.*, 9 acres and 66 cents, of which 4 acres and 32 cents assessed at 8 annas and 8 pies were occupied lands and the rest, *viz.*, 5 acres and 34 cents assessed at 10 annas and 8 pies, Government waste, on payment of the capitalized value of the loss of assessment thereof, at 30 years' purchase as well as of compensation for the occupied lands. It is now stated in the letter from the Madras Government, that out of the occupied lands, 4 acres and 28 cents have since been relinquished by the holders, that the holder of the remaining 4 cents does not ask for any compensation, and that therefore the Durbar will have to pay only the capitalized value of the loss of assessment on the 9 acres and 66 cents.

2. Under these circumstances, the Government are pleased to sanction the payment to the Government of Madras, of the capitalized value of the loss of assessment (*viz.*, Rs. 1-3-4) amounting to Rs. 36-4-0 at 30 years' purchase. The Deputy Commissioner will draw the amount in advance and remit the same to the Collector of Anantapur. The receipt obtained may be submitted to Government in adjustment of the advance.

3. A copy of these Proceedings will be submitted to the Hon'ble the Resident for information in continuation of letter No. 774-75—4251-52, (P.W.D.) dated 10th September 1900.

Correspondence ending with letter No. 730, dated 27th February 1897, from the Deputy Commissioner, Tumkur district, regarding the submersion of lands in British Territory by the restoration of the Bugadur tank in the Pavagada taluk.

2. Correspondence ending with letter No. 5731, dated 27th November 1900, from the Chief Engineer of Mysore forwarding a file of correspondence on the subject and stating that if no compensation has been paid on the requisition made in his office letter No. 1029—3630, dated 14th December 1896, it is now necessary to order payment of the capitalized value of the entire extent of lands in British Territory, *viz.*, 9 acres and 66 cents required in connection with the restoration of the Bugadur tank.

No. 4659-62—R. 1557, DATED BANGALORE, 14TH DECEMBER 1900.

ORDER THEREON—From the papers received from the Chief Engineer, it is observed that 6 acres and 66 cents of land in the Naranagipalli village, Penukonda taluk, Anantapur district, having become liable to submersion by the restoration of the Bugadur tank in the Pavagada taluk, and another three acres in the same village being required for the weir and weir channel, it was decided by Government in the Public Works Department, in consultation with the Government of Madras, to acquire the whole extent, *viz.*, 9 acres and 66 cents, of which 4 acres and 32 cents assessed at 8 annas and 8 pies were occupied lands and the rest, *viz.*, 5 acres and 34 cents assessed at 10 annas and 8 pies, Government waste, on payment of the capitalized value of the loss of assessment thereof at 30 years' purchase as well as of compensation for the occupied lands. It is now stated in the letter from the Madras Government, that out of the occupied lands, 4 acres and 28 cents have since been relinquished by the holders, that the holder of the remaining 4 cents does not ask for any compensation, and that therefore the Durbar will have to pay only the capitalized value of the loss of assessment on the 9 acres and 66 cents.

2. Under these circumstances, the Government are pleased to sanction the payment to the Government of Madras, of the capitalized value of the loss of assessment (*viz.*, Rs. 1-3-4) amounting to Rs. 36-4-0 at 30 years' purchase. The Deputy Commissioner will draw the amount in advance and remit the same to the Collector of Anantapur. The receipt obtained may be submitted to Government in adjustment of the advance.

3 A copy of these Proceedings will be submitted to the Hon'ble the Resident for information in continuation of letter No. 774-75—4251-52, (P.W.D.), dated 10th September 1900.
